1. BACKGROUND:

The Prevention of Money Laundering Act, 2002 (PMLA) has been brought into force with effect from 1st July 2005 and it provides for Anti-money Laundering and Anti-terrorist Financing measures to be taken in India and the rules framed hereunder provides guidance on the practical implementation of the provisions laid down in the Act. The Director appointed by Financial Intelligence Unit-INDIA (FIU-IND) has been conferred with exclusive and concurrent powers under relevant sections of the Act to implement its provisions. The Act imposes an obligation on banking companies, financial institutions and intermediaries associated with the securities market and registered with the Securities and Exchange Board of India (SEBI) under section 12 of SEBI Act, 1992. The stock brokers fall under the category of intermediaries under section 12 of SEBI Act, 1992, and hence the provisions of PMLA are also applicable to all the stock brokers. Establishment of Anti-money Laundering programs by Market Intermediaries are one of the central recommendations of the Financial Action Task Force (FATF).

SEBI has issued necessary directives from time to time vide its circulars covering issues related to Know Your client (KYC) norms, Anti Money Laundering (AML), Client Due Diligence (CDD) and Combating Financing of Terrorism (CFT). This policy document is based on the SEBI's master circular on PMLA bearing reference no. ISD/AML/CIR-1/2010 dated February 12, 2010 and subsequent circular bearing reference no.CIR/ISD/AML/2/2010 dated June 14, 2010, which consolidates requirements/obligations to be fulfilled by all the registered intermediaries. This policy will be subject to changes in order to incorporate further directives that SEBI may give vide its circulars on PMLA, from time to time.

2. WHAT IS MONEY LAUNDERING?

Money Laundering is the processing of criminal proceeds to disguise their illegal origin. It is a process by which persons with criminal intent or persons involved in criminal activities attempt to hide & disguise the true origin and ownership of the proceeds of their criminal activities, thereby avoiding prosecution, conviction and confiscation of illegal funds.

There are three common stages of Money Laundering, namely Placement, Layering & Integration, which are resorted to by the launderers. The laundered proceeds re-enter the financial system appearing to be normal business funds and Market Intermediaries may unwittingly get exposed to a potential criminal activity while undertaking such normal business transactions. Market Intermediaries are therefore placed with a statutory duty to make a disclosure to the Authorized Officer when knowing or suspecting that any property, in whole or in part, directly or indirectly, representing the proceeds of a predicated offence, or was or is intended to be used in that connection is passing through the Market Intermediaries. Law protects such disclosures, enabling the person with information to be able to disclose the same without any breach of confidentiality. Market Intermediaries likewise need not abstain themselves from providing such information pertaining to its customers.
